Fuck me
I'm lucky and enough selfish
And use just anything you can take
Eat and chew till you feel sick
I'm sorry I forgot my mistake

No space for emotional face
No time to look for my grace
Tonight I leave you all the best
Tomorrow I give you the rest

Take me now if you can
Take me now dare me
Take me now if you can
Dare me my man

All the girls get together and rule
All the girls get together and rule
All the girls get together and rule

Revolution has come
Revolution is you
Revolution is me
Get together and scream

All the girls get together and rule
All the girls get together and rule
All the girls get together and rule

Revolution has come
Revolution is you
Revolution is me
Get together get together
All the girls get together and rule

You can fuck me
You can fuck me
You can cut me
But you can't rule me
Revolution is you
Get together in peace
