[Music: Ericson/Thyselius, Lyrics: Tuthill]

I've felt this way before,  
closed inside, behind the door  
Where no one hears my cries,  
I'm locked inside with nothing but lies

I leap  
I'm falling down, without a sound  
It's deep  
When falling bricks don't hit the ground

Another grasp for air, another useless thought  
I cannot seem to halt this, I'll never find the key  
I'm stiff, I'm cold, I've lost my hold  
What happened to control?

I leap  
I'm falling down, without a sound  
It's deep  
When falling bricks don't hit the ground

I cannot take this  
I cannot take this  
I cannot take this  
I cannot take this  
I cannot take this  
I cannot take this  
I cannot take this  
I cannot take this

The more I suffer now,  
the deep down I go  
I feel the ground is near,  
I've reached my all time low  
I'm still stiff and cold,  
no longer in control  
The only way is down

I leap  
I'm falling down, without a sound

It's deep  
When falling bricks don't hit the ground
