People tell me I need to grow up
when I need to throw up
on a pile of dog food stuffed with pizza
Red is my bed that got drank on my head
I am dead, I am lead this is all that i said:

I kizzle to the wizzle
When the dizzle does the fizzle
On my nizzle, Chizzle!
And i sizzle on the bizzle
How the frizzle do you lizzle
To the rizzle, Chizzle!

Friends are friends, friends are fungus
you have no friends, you have no fun gus
I think gary is the larry that did carry harry who did
marry parry
Red is my bed that got drank on my head
I am dead, I am lead this is all that i said:

I sizzle to the bizzle
When the frizzle does the fizzle
On my rizzle, Chizzle!
And i kizzle on the wizzle
How the dizzle do you fizzle
To the nizzle, Chizzle!

So put that in your pipe and smoke it!
