Eyo I walk through boppin' man cooler than the fan
With my new school sneaker and my old school damce
Take a past with the future and suture them together
Like a talior with a needle shoe maker with the leather
Not hear to rap about gear or the wrap around
I got these chicks and my pinky they grippin
Keep all my kicks in they case that's glass a
On the coner of the table like ash tray
Classic mikes give me braggin' rites
I got a pair that he aint seen since about nine three
And they all authentic so obviously
Wanna rob me but that could be a problem see
I got a couple thing that cost more than your kicks kid
Come to the point where sneakers all I think about
My bodys the mold - My soul to sole
I need a chick with a low top lace to go

Got so many colors brothers damaging their opticals

Yeah I'm from the chi But my nikes from a tropical
Region of the earth where they don't even have?
