Yeah
Check it

Michael douglas, thuggy
In the wall-street suspenders
Hardwood floors in my brand new car
Got a new lady friend
Who be german engineering

It's far from a hard life we lead out here
Feet up on a hammock with some beach babes tannin'
Sayin' that they love what we did with don cannon
All the girls loving me and mikey be jammin
Depending on what you got planned
It's a whole lot of water, but if y'all brought sand
We could build, but for now let's chill
Order what you want, they don't charge us here

The live startin five from united centers
Our other three members won the west coast triangle
From the lower bowl ball game at the staples
We been here chillin, man, how long it's gonna take
you?

I'ma tell you like I told my mans
They only get busy when it fit in they plans
So a'ight (a'ight)
That's cool (that's cool)
Let's see if you can do it like we do
Now everybody
Alright (alright)
That's cool (that's cool)
Let's see if you can do it like we do
Now everybody
Alright (alright)
That's cool (that's cool)
Let's see if you can do it like we do
Now everybody

A'ight

You know my m.o.

You know the catchphrase
Wimbledon racket like I'm mackin in the bat cave
Splendid when I'm blandin in and eights in the paint
And the roof's dancin like we bringin daddy kane back
Went to watch the game came back in the bronco
With the wood grain in the rib cage like pronto
Asap, quicker than a rabbit on the race track
Though my real estate shit, condos and two flats
Buy em low sell em for a higher price point
The nicest out need an appointment for me to point
Never had my car keyed, windows never smashed out
Stumbled into p.f. chang's drunk and passed out
We go in, we go home, you first in and last out
High quality wallabies we mix crown royal with orange
juice for the vitamin c
My advice is just follow the ck policy

I'ma tell you like I told my mans
They only get busy when it fit in they plans
So a'ight (a'ight)
That's cool (that's cool)
Let's see if you can do it like we do
Now everybody
Alright (alright)
That's cool (that's cool)
Let's see if you can do it like we do
Now everybody
Alright (alright)
That's cool (that's cool)
Let's see if you can do it like we do
Now everybody

A'ight
