Mike: let me hope in it, lemme lace ma kicks then flip the sidekick,peep my options, go downwwn the list like "mmm... not that one, maybe her tomorrow, but that's after.."
i find out, just what shes after, if its dough, then she gotta get gone. she never get a call like broken phones.

Chuck: and i suppose, that she gonna call me, ill take her, and her ill take all three, but the truck that im in has only got two seats, and im in one, so you know what that means.

Mike: that means its decision time, hop in the women line, if its nine tenths of a seconds, thats lemon lime, to the pentouse, so thats two left for you chuck.
