Coolio - C U When I Get There  
=====

Now Ive seen places and faces

And things you aint never thought about thinking

If you aint peek then you must be drinking

And smokin?

Pretending not to locin?but youre brokin?

Let me get you open

Now little Timmy got his diploma and

Little Jimmy got life

And Tamikra around the corner just took her first hit off  
the pipe

The other homie shot the other homie and ran away  
with his money

And when the other homies heard about it they thought  
it was funny

But whos the dummy

Now you done lost the hustler

A down-ass brother got replaced by a buster

And though I got love for ya

I know I cant trust ya

Coz my crew is rollin?home and your crew is rollin?  
dusta

And just because of that you act you dont like the  
brother no more

Uh, I guess thats just the way it goes

I aint tryina preach

I believe I can reach

But your mind aint prepared

I C U when you get there

Chorus:

Ill see you when you get there

If you ever get there

See you when you get there

Ill see you when you get there

If you ever get there

See you when you get there

Lek Ratt (40 Thevz):

More temptation and faith

I guess we livin?for the day

I seen a man get swept off his feet

By a bullet and an AK

The situation so twisted everybody gettin lifted

Im just tryin to take care of my kids and handle my  
business

Coz it way too serious so you gotta pay close attention

So you dont get caught sittin?when they come and do  
all the gettin?

Life is a big game so you gotta play it with a big horse

Someones gotta run a little faster coz we gotta lay the  
struggle

Id be a fool to surrender when I know I can be a  
contender

And if everybodys a contender then everybody could  
be a winner

No matter you rag collar deep down we all brothers

And regardless of the time somebody else still love us

Im a scuff and struggle yall breathless and weak

I just strived my whole life to make it to the mountain  
peak

Always keep reaching sure to grab on to something

Ill be there when you get there when you wit the sound  
bumpin?

Chorus:

Ill see you when you get there

See you when you get there

If you ever get there

If you ever get there

See you when you get there

Ill see you when you get there

See you when you get there

If you ever get there

If you ever get there

See you when you get there

PS (40 Thevz):

You need to loosen up

And live a little

And if they got kids let them know how you feelin?

For your own sake give a little

Oh, you dont want to hear that

You busy tryina stack

And keep them from the Jones is taking advantage of  
your own

The realist homies got you but you know them longest

But some aint missing a good thing until its gone

Could have built an empire if not for the jelouesy that  
you righteous

We prefare to keep our eyes shut to describe when

Its something wrong and we desire

So hold your head up high if your poor and righteous

Until time seems right

The problems seem endless

Put the time to this fairly we gotta put ourselves  
together

And if you feel youre obligated then you need to get  
back in it

Coz nothing worse than a quitter

You gotta face responsibility one day, my brother

So gather up your pittty and turn it to ambition

And put your vehicle and drive and stop by my side

Chorus:

Ill see you when you get there

See you when you get there

If you ever get there

If you ever get there

See you when you get there

Ill see you when you get there

See you when you get there

If you ever get there

If you ever get there

See you when you get there

Coolio:

As we walk down the road of our destiny

And the times when there was a the

We got one push to give and one life to live

Stand up for something or lie down in your game

Listen to the song that we sing

Its up to you to make it big

I guess Ill see you when you see me

Chorus till fade
