=====  
Coolio - It's All The Way (Now)  
=====

Chorus:

Its all the way live, its all the way live

Its all the way live, its all the way live

Why you take a chunk and go up for a dunk?

An?I never been a punk but your girl calls me hunk

Straight to the hoop and I know how to shoot

If you wanna know the truth then you better get the  
scoop

Comin?up to miss wit?my mic in my fist

An?everybods lookin?so you know I gotta bit

You take me, that cant be

Shook an?took like all rookies

So if youre a beginner an?you want wanna be a winner

Then you better have some spinach with your dinner

So just put your head to the sky, if you wanna ride

And keep you eye on the flies cause its live

Chorus

What you see is what you get

And what you got is a whole lotta sweat

Blood and tears, so have no fear  
Cause they aint seen moves like these in years  
I can shake it bake it, show the fake  
But never perpetrate or player hate,  
My name aint rappin?but funkified  
My name aint Lou but I can walk the sky  
So put it over here homie low, an?go for broke  
And watch the smoke but make sure you dont choke  
Put your head to the sky, if you wanna ride  
And keep you eye on the flies cause its live

Chorus

Ooo the musics in the groove  
Its the rap that makes you move  
Cause Lakeside show-ed up at the party  
Ooo the musics in the groove  
Its the rap that makes you move  
Coolio show-ed up at the party

Chorus

This aint Penny Hardaway or Kareem Abdul  
Its Coolio in the house but you can call me cool  
An?I gotta keep it real for my peeps on the street  
You can fill it in your feet or bump it in your jeep  
From sea to shinning sea the rows of century  
Bend under Sicily I put it down for the G  
Feel the fire, feel the funk  
An?you better clear the lane when Im goin?dunk

I aint looking for protocol, got sumpin?for all o?yall

To make you get your back up off the ball  
Just put your head to the sky, if you wanna ride And  
keep you eye on the flies cause its live Chorus
