Uh, I sneak a forty like a Cheetah
And give a call to the wild when I greet her, meow
The coochie leader, bend on over and touch your toes
And I can jump up on a dresser and strike a pose

Uh, if you want it then you're ready and you're able, girl
Pull up your and we can do it on the pool table
Your look so tender
Can I twirl 'em in my mouth like a blender, surrender?

'Cuz ain't nothin' but freakin, I can keep it all day, all weekend
And have you tweekin', I be, that's what I be doin'
And every position you assumin', uh, all night, all day,
if you stay
I can rub you the right way, hey, if he go one time, I go three
'Cuz that's how it is in the CPT

Ooh, la, la, doo, wa, diddy
(Woo, woo)
I got the key to the city
Ooh, la, la, doo, wa, diddy
(Woo, woo)
Can we go somewhere and get busy?
Ooh, la, la, doo, wa, diddy
(Woo, woo)
You're lookin' kinda pretty
Ooh, la, la, doo, wa, diddy
(Woo, woo)
Can I get close to the kitty?

Are you sure that we alone, all alone? Yeah
Lock the door and unplug the telephone, telephone
Light some candles let me get a look at your, you got a
body like a
So, I put's the cotton ball in the Q Tip patch
Turn around and let me see you from the back, ah,
shat, damn

You know you bring out the freak in me
I go, I hope you think of me

Whenever you need some, we like two in a million
Don't fight the feelin'

You ain't dealin' with no rookie
Yes I got a lot of in my Tollhouse cookie
Call up your bookie, put your money on the cement
I'm puttin' in work like a tag team free man
I spark through the woods like a Recon
And we can do it all night with the lights on

Ooh, la, la, doo, wa, diddy
(Woo, woo)
I got the key to the city
Ooh, la, la, doo, wa, diddy
(Woo, woo)
Can we go somewhere and get busy?
Ooh, la, la, doo, wa, diddy
(Woo, woo)
You're lookin' kinda pretty
Ooh, la, la, doo, wa, diddy
(Woo, woo)
Can I get close to the kitty?

What's up on some lovin', baby?
We can roll in my sixty three and drink Hennessy
What's up on some lovin', baby?
Don't you wanna roll with me?
You and me can cream

We can put it on a platter, girl, it don't matter
I make it hot and you can pop it like a firecracker
In the, bathroom, livin' room
Outside in the yard, it's a full moon

In the car, in the front seat, back seat
On the trunk, on the hood and it's all good
I'll be the piece and you can be the booty
And I'll work extra duty to please your

You can lay me on the and me up
Spread honey on my chest, but don't rough me up
Dig your in my back, girl, play yo game
You never come the same if we say yo name

Is it real or a dream, you make me scream
When you my body with cream
Stick your tongue down my throat and give me a kiss
'Cuz you know it don't get no better than this, that's
right

Ooh, la, la, doo, wa, diddy

(Woo, woo)
I got the key to the city
Ooh, la, la, doo, wa, diddy
(Woo, woo)
Can we go somewhere and get busy?
Ooh, la, la, doo, wa, diddy
(Woo, woo)

Ooh, la, la, doo, wa, diddy
(Woo, woo)
