Now I've seen places and faces
And things you ain't never thought about thinking
If you ain't peek then you must be drinking and smokin'
Pretending not to locin' but you're brokin', let me get
you open

Now little Timmy got his diploma and little Jimmy got
life
And Tamika around the corner just took her first hit off
the pipe
The other homie shot the other homie and ran off with
his money
And when the other homies heard about it they thought
that it was funny

But who's the dummy 'cuz, now you done lost the
hustler
A down-ass brother can never be replaced by a buster
And though I got love for ya I know I can't trust ya
'Coz my crew is rollin' hummers and your crew is rollin'
dustas

And just because of that you act like you don't like the
brother no more
I guess that's just the way it goes
I ain't tryina preach I believe I can reach
But your mind ain't prepared I'll C U when you get there

I'll C U when U get there
If you ever get there
C U when U get there
I'll C U when U get there
If you ever get there
C U when U get there

More temptation and faith I guess we livin' for the day
I seen a man get swept off his feet by a boy with an AK
The situation so twisted everybody gettin' lifted
I'm just tryin' to take care of my kids and handle my
business

'Coz it way too serious so you gotta pay close attention

So you don't get caught sittin' when they come and do
all the gettin'
Life is a big game so you gotta play it with a big heart
Someone's gotta run a little faster 'cuz we gotta later
start

I'd be a fool to surrender when I know I can be a
contender
If everybody's a sinner then everybody could be a
winner
No matter you rag collar deep down we all brothers
And regardless of the times somebody up there still
love us

I'm a scuffle and struggle till I'm breathless and weak
I just strived my whole life to make it to the mountain
peak
Always keep reaching sure to grab on to something
I'll be there when you get there when you wit the sound
bumpin'

I'll C U when U get there
If you ever get there
C U when U get there
I'll C U when U get there
If you ever get there
C U when U get there

You need to loosen up and live a little and if you got
kids
Let them know how you feelin' for your own sake give a
little
Oh, you don't want to hear that you busy tryina stack
And keep up with the Jones's taking advantage of your
own

The realest homies that you've been knowing for the
longest
But some ain't missing a good thing until it's gone
Could have built an empire if not for the jealousy that
divides us
We prefer to keep our eyes shut to whats right when
Theres something of all that we desire

So hold your head up high if your poor and righteous
I know time seems right and the problems seem
endless
But at times of despair we gotta pull ourselves together
And if you fell you're out the game then you need to
get back in it

'Coz nothing worse than a quitter
You gotta face responsibility one day, my brother
So gather up your pity and turn it to ambition
And put your vehicle and drive and stop by my side

I'll C U when U get there
If you ever get there
C U when U get there
I'll C U when U get there
If you ever get there
C U when U get there

As we walk down the road of our destiny
And the time comes to choose which shall it be
The wide and crooked, or the straight and narrow
We got one push to give and one life to live

Stand up for something or lie down in your game
Listen to the song that we sing
It's up to you to make it big
I guess I'll see you when you see me

I'll C U when U get there
If you ever get there
I'll C U when U get there
If you ever get there
I'll C U when U get there
If you ever get there
I'll C U when U get there
If you ever get there
