Everybody listen up 'cause I'm about to give my speak  
on  
Fools be trippin' when it's time to get their freak on  
Runnin' round town, puttin' it down  
Without no protection, funny erection  
When it's time for selection, what's your direction?  
Before you make a choice you betta do some  
inspection  
If you don't know my aim and don't know my game  
Then let me explain now

Aisha slept wit' Mark and Mark slept wit' Tina  
And Tina slept wit' Javier the first time he seen her  
Javier slept wit' Loopy and Loopy slept wit' Rob  
'Cause he was rollin' on beeds and had a good ass job  
Rob slept wit' Lisa who slept wit' Steve and Steve was  
positive H.I.V.  
What started off as a plan ended up in the plot  
You betta cool your ass off 'cause it's too damn hot

Oh oh, it's too hot  
(Too hot)  
Too hot, lady  
(Too hot)  
Gotta run for shelter, gotta run out for shade

It's too hot  
(Too hot)  
Too hot, homie  
(Too hot)  
Gotta make some sense from this mess that we made

You're doin' everything momma told you not to do  
Now you're tryin' to walk away 'cause you know it's true  
Your sister can't explain and your mother's ashamed  
To admit you both had the same last name  
I don't have to ask you where you've been  
'Cause the matches in your purse say 'Holiday Inn'  
A mind is a terrible thing to waste that was the slogan  
But now it's '95 and it's 'don't forget the Trojan'

Explained it to her momma before somebody get her

got her  
Help her to the game with those smooth talkin' niggas  
'Love' is the word, so is 'remember' often heard  
Latex, safe sex, you better learn to get hip to the facts  
Before you be yacko, end up in a box on your back  
Sometimes you axed me what you wanted, get what  
you got  
Don't get up in the plot, it's too damn hot

Oh oh, it's too hot  
(Too hot)  
Too hot, lady  
(Too hot)  
Gotta run for shelter, gotta run out for shade

It's too hot  
(Too hot)  
Too hot, homie  
(Too hot)  
Gotta make some sense from this mess that we made

Another day in the city and know what a pity  
Even though we did our duty, things are still lookin'  
shitty  
Everybody in the pack stack tryin' to make some scraps  
Walkin' in the rain but they ain't got no hat  
Understand how we livin' in the 90's loc  
Nuclear waste, cannibalism and pistol smoke  
Sex, lies and videotape and rape  
Just a little public crime can seal your fate

We need to do something drastic shit, it's gettin' tragic  
And if you don't believe me, then go ask Magic  
Everybody and their momma preaching abstinence  
These kids ain't checking for abster shit  
So put a condom in their hand and hope it don't bust  
Another victim of the lust, in God, we trust  
What started off as a plan ended up in the plot  
Water can't cool it off 'cause it's too damn hot

Oh oh, it's too hot  
(Too hot)  
Too hot, lady  
(Too hot)  
Gotta run for shelter, gotta run out for shade

It's too hot  
(Too hot)  
Too hot, homie  
(Too hot)  
Gotta make some sense from this mess that we made

It's too hot  
(Too hot)  
Too hot, lady  
(Too hot)  
Gotta run for shelter, gotta run out for shade

It's too hot  
(Too hot)  
Too hot, homie  
(Too hot)  
Gotta make some sense from this mess that we made

Oh oh, it's too hot  
(Too hot)  
Too hot, lady  
(Too hot)  
Gotta run for shelter, gotta run out for shade

It's too hot
