You figured this should be easy
You figured this should be natural
It's just what you need but too much keeps getting in
your way
You know it's never that easy
You know it always get complicated
Now you're fratic, suspicious, and you pay a price for
everything
It might be the only chance you get
After a life time of regrets
It finally looks like things are looking up so don't look
down
Because I don't want to see you falling
You thought you'd have all the answers
Was once right now seems to be all wrong
You're fed up and you give up
You've come too far for far too long
Too much is expected of you
So are you going to make the right decision now?
What's left for the loyal?
You're empty handed once again
What's left for the loyal?
Don't want to see you falling down
