Don't want to take things lying down
Don't want to turn my back don't want to look away
Not going to see things different
Don't my mind is going to change
There's no time for explanations
And I'm not buying them this time
No room for complications
You won't hear me say that it's alright
I won't say it's alright
But you tried to get me on your side
And you've had me down before
But you're not going to take me down this time
There's only so much I can be
You're so demanding so what else can I say?
Can't seem to understand you
Don't think you're ever going to change
