I waited patiently for you to come around
I sacrificed my sanity to keep from breaking down
I always thought of you and forgot about myself
But the only one you care about is you and no one else
I used to be so naive
And you never cared about me
Now I see that I can't achieve
Everything that you want from me
Honesty was all I asked but you just let me down
Countless times I gave you the benefit of the doubt
You think that I'm a fool you'll get away with it
But this time I'm not so willing to forgive and forget
Feeling unappreciated
Dedication understated
Everything's so complicated
I think that I'm underrated
You said you could handle it
You said go ahead and quit
Now you'll finally get your wish
So just try not to choke on it
