

Copper "Falling Apart"

Visit "[Falling Apart](#)" on MotoLyrics.com

Falling apart at the seams is just another way to say I
love you.
But you'll never know how I feel.

Maybe you need a little time to clear your head.
Right now I feel so left behind, but I look the other way.
I'm lost when you're gone and I call at 3 in the morning.
I'm trying not to analyze you now.
I never want to let you go.
I never want to lose you.

(Chorus)

Falling apart at the seams is just another way to say I
love you.
But you'll never know how I feel.
You bring out the heartache in me.
And it's another way to say I need you.
Will you ever know how I feel?

I try to keep you to myself, but I'm losing faith.
I can't believe the fact that I can't find the words to say.
I see you look through me, and I know you're better
without me.
I'm hoping you will give me time, cause I'd never turn
away.
I never want to let you go.
I never want to lose you.

(Chorus)

Falling apart at the seams is just another way to say I
love you.
But you'll never know how I feel.
You bring out the heartache in me.
And it's another way to say I need you.
Will you ever know how I feel?

Are you ever going to find?
Ever going to see?
Ever going to let it be?
Ever going to take the time to let me in?
Cause I don't want to wait!

I'll never let you go!

(Chorus)

Falling apart at the seams is just another way to say I
love you.

But you'll never know how I feel.

You bring out the heartache in me.

And it's another way to say I need you.

Will you ever know how I feel?

I'm falling apart. (I'm falling, I'm falling)

I'm falling apart. (I'm falling, I'm falling)

Cause I don't want to wait. (I'm falling, I'm falling)

I'm falling apart.

I'm falling, I'm falling...
