Words have fallen on unlistening ears
Through the truths I've followed
Songs were sung over unseasoned years
The purity I borrowed
I don't want to know
About the worries
I don't want to know
If I'm the same
I don't want to know
About the sorries
I don't want to know what's to blame
Wait
You got it all wrong get it right
Your open eyes are losing sight
That it's better just to leave it all
Deafening silence on unlistening ears
Through the words I've spoken
No commitment presenting my fears
Promises were broken
I don't want to know
About the worries
I don't want to know
If I'm the same
I don't want to know
About the sorries
I don't want to know
What's to blame
Wait
You got it all wrong get it right
Your open eyes are losing sight
That it's better just to leave it all
Wake up and roll over
Wake up and say that you're wrong
Wake up and roll over
Wake up and say that you're wrong
Wake up and roll over
Wake up and say that you're wrong
Wait
You got it all wrong get it right
Your open eyes are losing sight
That it's better just to leave it all
