I need some motivation
Inside of me
I need a realization
So I can see
I cannot forget the way I'm feeling
I wish I could
I cannot believe the fate I'm sealing
I wish you would
I want some
I need some more
I can't live this way
I want some
I need some more
I can't live this way
Time after time
I lose my mind
I'm lost in contemplation
I can't let it be
I reach for a new salvation
Until I'm free
I cannot forget the way I'm feeling
I wish I could
I cannot believe the fate I'm sealing
I wish you would
I want some
I need some more
I can't live this way
I want some
I need some more
I can't live this way
Time after time
I lose my mind
I talk to you
I say what I want to
But I make no sound
When timing is everything
And I've got all the time in the world
Until your walls come crashing down
I want some
I need some more
I can't live this way
I want some

I need some more
I can't live this way
Time after time
I lose my mind
I lose my mind
