You crush me, with every word, you cut me.
Deeper but I still want more.
If only you could know the real me, maybe you could
love me like before.

I, I'm trying hard to understand you.
I'm trying hard not to break.

(Chorus)
You've got me on the run, why'd you kick me out?
Baby, when you say that I'm the one, you still crave
attention, not to mention.
What was said is done, you still call me up.
Baby, you're just like a loaded gun.
But I'll take my chances.

You free me, with every touch you kill me.
Then honesty goes out the door.
You phase me, you never cease to amaze me.
You give me all that I've been waiting for.

But I, I'm trying hard to understand you.
I'm trying hard not to break.

(Chorus)
You got me on the run, why'd you kick me out?
Baby, when you say that I'm the one, you still crave
attention, not to mention.
What was said is done, you still call me up.
Baby, you're just like a loaded gun.
But I'll take my chances.

(Quiet)
You've got me on the run, why'd you kick me out.
When you say that I'm the one, you still crave attention,
not to mention.
What was said is done, you still call me up.
Baby, you're just like a loaded gun.
But I'll take my chances.

(Chorus)
You've got me on the run, why'd you kick me out?

Baby, when you say that I'm the one, you still crave
attention, not to mention.
What was said is done, you still call me up.
Baby, you're just like a loaded gun.
But I'll take my chances!

But I'll take my chances.
