"Forcefed"

Outside they prey on me
Sink their claws right into me
They're inside, inside of me
Down my throat till i can't breathe

Lurking around every turn
They won't relent until i learn
To bow my head, accept my fate
I've been forcefed and it's too late

Take your medicine like a man
A lethal dose, generic brand
I've taken all i can

Outside they prey on me
Sink their claws right into me
They're inside, inside of me
Down my throat till i can't breathe

I'm speeding down streets of doom
The money trees are in full bloom
This hell is lined with billboard signs
You make me wish that i was blind
