

## Coptic Rain "Rejoice"

Visit "[Rejoice](#)" on MotoLyrics.com

A myriad of dreams  
a myriad of goals  
a myriad of hopes  
in this myriad of souls  
A myriad of smiles  
a myriad of tears  
a myriad of candles  
in this valley of fears  
With so many ways, so much to choose  
it's easy to win and even easier to lose  
you're bound to fall as you're bound to stand tall

when you are back up against the wall  
listening to my prayers  
you're bound to find a way to erase  
the question mark  
A myriad of threats  
sowing unease  
a myriad of wars  
a sample of peace  
A myriad of tunes  
a myriad of songs  
which one is right  
and which one is wrong.
