See the day burning in my eyes
Filled with anger, filled with hate no pride
Time is running, consequence reveal
From a distance all it seems so real
Touch down the being shoot to kill
But nobody knows
The moment a thing
I am a sinister dream
Convulsing out in scream
The moment a thing
I am falling lower and lower down
Thinking only you might be wrong
Endophysical solution in a foreign place
You might be looking at the last there is to face

Touch down you are a dog without grade
But nobody knows
The moment a thing
I am a sinister dream
Convulsing out in scream
The moment a thing
Tell me now
Show me how
Breaking mirror moving
Seize that burning light and go
See the life burning in my sign
Firing to grind
Waiting
Changing
Crossing lines of life
But nobody knows
The moment a thing
I am a sinister dream
Convulsing out in scream
The moment a thing
