You gotta realize your gonna die  
gotcha tpaed to the fuckin chair  
shake at head like you just don't care  
Imona make hate to you

I gotcher wallet I gotcher name  
I gotta gun I gotta knife  
I think I might just rape your wife  
BUT NOW!!!!  
I'mona make hate to you YES  
Imon make hate you now

I'm alone in this world  
I had no hand in it's makin'  
were so alone in their world

so take my hand my butchered baby boy

I love the smell of your oxford shirt  
when it's covered in my excrement  
that look on your face is just indecent  
I feel your heart can you feel my intent?

I love you I hate you  
I wanna live forever  
inside your corpse  
like a homoerotic possum  
homoerotic possum  
homoerotic possum
