It's a lot like magic, this thing called love.
Takes you by surprise in a blink of an eye
That's what it does.
It's a little bit frightening, mystifies.
You're swimming in a deep, dark water, and you're not
sure why.
It's a lot like magic, when you lose your heart.
All the lights come on with a wave of a wand
When the stage was dark.
It ain't no illusion, but it sure is strange
How you shake and shiver with the mention of his
name.

Heart starts to pound from head to ground
Everything's turning upside down,
It's magic. A-ha, it's magic.
What you're gonna do, you're coming unglued,
And nothing's making any sense to you
It's magic, pure magic.

It's a lot like magic, when a boy meets girl,
When the touch of a hand it's a whole new plan
In a brand new world.

Heart starts to pound from head to ground
Everything's turning upside down,
It's magic. A-ha, it's magic.
What you're gonna do, you're coming unglued,
And nothing's making any sense to you
It's magic, pure magic.
