So quickly time will come and time will go  
It runs on by  
You never know  
It steals your hopes and dreams and one last chance  
I can see it now

Saying come on now you've got to run  
I can feel it's scolding hand

Erase your fate  
You wonder can you stop the hands of time  
He's laughing, knowing that he's got control  
I can see it now  
Just watch and wait  
Telling me now you've got no time to waste  
I can hear the whispered voice

It's a matter of time  
It's just a matter of time

And you've got to see  
There's no denying it's in your hands  
You have the answer, you have the strength  
It's in your hands

It's a matter of time..

Hoping dreaming still deceiving  
Living breathing touching feeling  
Searching finding losing crying  
Know the truth you're dying  
Oh you're dying  
It's a matter of time..

Remember who you are and what you have  
Your flame is burning down so guard it well  
The time is yours  
It may go out  
I can see it now

Holding the answers to all your fears

I can see the end of time

It's a matter of time
