In my sleep convulsive shocks assault my body  
I stop and see fragments of a life that doesn't seem  
mine  
In my chest heartbeats rebound like peals of far-away  
bells  
I've tried to forget as if the world might begin today...  
... But tomorrow cannot begin over again

Silent ghost surround me and whisper...  
All the visions that my mind draws  
Desolation and pain  
Too tearful eyes that fix on nothing  
A cold wind, my flow of tears

My scream echos  
In the quiet valley  
Among the silent shadows  
In my inside

Everything I remember  
Every face, every look  
Unforgotten suffering  
Reminiscence

Disquieting muses, dancing Divinity invites calls me  
Continuous images mixed with psychotic cutting  
confuse me  
Ancient seductive sounds reach me shaking my senses  
I've tried to forget as if the world might begin today...  
... But tomorrow cannot begin over again...

My outline design  
In the pouring rain  
My bloody hands  
My pale face

Millions of voices  
Every face, every look  
Unforgotten suffering  
Reminiscence  
Trembling Voice
