It's six in the morning  
And there's no one else around  
The mist has fallen  
As I look out on the town

It's playing on my mind  
Wasting all my time, away

It's too close for tears  
And it too hard to forget  
It's too close for tears  
I think I thought I said

It's playing on my mind  
Wasting all my time, away  
Who's gonna find me?  
Tell me where I can go?  
Who's gonna find me, searching, alone

The face in the mirror  
It's a face I've never met  
Until I forgive her I'll remember to forget

It's playing on my mind  
Wasting all my time, away  
Who's gonna find me?  
Tell me where I can go?  
Who's gonna find me, searching, alone

And the hours, they build  
From underneath the spell, once again

It's 6 in the evening  
And I'm sweeping up the day  
The people beneath them  
But I am here to stay

It's playing on my mind  
Wasting all my time, away  
Who's gonna find me?  
Tell me where i can go?

Who's gonna find me, searching, alone
