well i partied with some crazy calgary cowgirls  
we ripped a snorted and kicked around a bit  
two told me they got old time religion  
one said she'll never barrel race again  
good copenhagen is better than bad cocaine

well i've spent some time with texas davey daniels  
dippin snuff at night and drinkin beer by noon  
he told me about the bulls he'd rode in wako  
about night fall he'd be howlin at the moon  
how good copenhagen is better than bad cocaine

lookout for those wranglers in longview  
with the holes worn out of their jeans  
well they can get you high up in the rocky's  
so you ain't ever comin down again  
good copenhagen is better than bad cocaine

well i knowed about an old alberta oil man  
chewed a tin a day till he was 92  
when he passed away us two started a regiment  
and in the end he liked it sprinkled on his food  
good copenhagen is better than bad cocaine

look out for them wranglers out in longview  
with the left back pocket worn out of their jeans  
they can get you high up in the rocky's  
so you ain't never comin down again  
good copenhagen is better than bad cocaine  
yeah good copenhagen is better than bad cocaine  
good copenhagen is better, better than bad cocaine
