Last night I messed up again and asked too many
questions in the morning
Last night I took two steps back again and asked too
many things she wasn't feeling
I've been needin'
I've been bleedin'
I've been wounded
Getting tired of this desolate low(?) and lookin', lookin',
lookin' to console me
Getting tired of thinkin' why and playin' second fiddle
to her youth
Anyway now's the time to say goodbye to things that
should be left behind today
I've been needin'
I've been bleedin'
I've been wounded
I've been needin'
I've been bleedin'
I've been wounded (before)
Yeah I've been needin'
I've been bleedin'
I've been wounded
Yeah I've been needin'
I've been bleedin'
I've been wounded
Acting like an utter fool it a'int called being crazy about
you for nothin'
I've been actin' all erratic like a star that's fallen
nowhere to come home to
I've been needin'
I've been bleedin'
I've been wounded
If I held myself together with my arms crossed on my
chest would you believe me?
And I'm real surprised that I'm still here I've been
saying I've been leaving for a long time
Well anyway now's the time to say goodbye to things
that should be left behind today
And I've been needin'
I've been bleedin'
I've been wounded
Yeah I've been needin'

I've been bleedin'
I've been wounded (before all this)
Well I've been needin'
I've been bleedin'
I've been wounded
I've been needin'
I've been bleedin'
I've been wounded (before)
Yeah I've been needin'
I've been bleedin'
I've been wounded
I've been needin'
I've been bleedin'
I've been wounded
