"The Evil In Me"

If I don't know where I've been
It's just the evil in me
If I don't know what I've seen
It's just the evil in me

If you don't know what I mean
Its cause I aint what I seem to be
And If I ain't what I seem
It's all the sinking I've seen
It's what you see you see you see

My thinking ain't always clean
It's just the evil in me
Sometimes she even gets mean
It's just the evil in me

If you don't know what I mean
It's cause I ain't what I seem to be
And If I ain't what I seem
It's all the sinking I've seen
It's what you see you see you see
