Down from the clouds she fell into my heart  
Now I can barely stand whenever we're apart  
Such a pretty face but a soul so dark  
Girl, it must have hurt you somethin' terrible

But let me undo all the damage he's done to you  
Let me love all the pain away and make it new  
Won't stop till your skies go from grey to blue  
'Cause makin' you smile that's what I gotta do

If he did you wrong I apologize  
If he did you wrong he's a foolish guy  
I swear that I can barely sleep at night  
Knowin' somebody done made an angel cry  
He made an angel cry, he made an angel cry  
He made an angel cry, he made an angel cry

How could anybody look into her eyes  
And not melt to the ground like a block of ice?  
Maybe the last guy didn't realize  
He was talkin' to an angel

Let me undo all the damage he's done to you  
Let me love all the pain away and make it new  
I won't stop till your skies go from grey to blue  
'Cause makin' you smile that's what I gotta do

If he did you wrong I apologize  
If he did you wrong he's a foolish guy  
I swear that I can barely sleep at night  
Knowin' somebody done made an angel cry  
He made an angel cry, he made an angel cry  
He made an angel cry, he made an angel cry

Cry, he made an angel cry, he made an angel cry  
He made an angel cry, he made an angel cry

If he did you wrong I apologize  
If he did you wrong he's a foolish guy  
I swear that I can barely sleep at night  
Knowin' somebody done made an angel cry  
He made an angel cry, he made an angel cry

He made an angel cry, he made an angel cry

Cry, he made an angel cry, he made an angel cry  
He made an angel cry, he made an angel cry
