Ha!

Ooh ooh ooooh ooh ooh Oh

I'm chillin' with my guys,
We steppin' out tonight,
Hit a spot that's looking fly
You know we keep it tight,
Hop on my ride its on
I got my bands n ma shades on,
Hit da floor, i hear ma song,
And then i see this girl,
And I'm like HOLD UP wait,
I see the most beautifull (this) girl, in the world,
Turnin heads all up in dis party,
She's dancing to the beat,
I nearly lost my feet,
Standing tryina keep the groove,
But what I really need to do is...

[CHORUS]

Stop

I know I oughta stop,
But I don't wanna stop,
Your makin it hard for me
Stop

I know I oughta stop, (stop!)
But I don't wanna stop,
Your makin me loose the beat,
YoU got me girl...

You know I must admit,
This girl she got me spit,
I never lose my groove,
But this girl, she's got moves,
Not to mention her eyes,

They've got me mesmerized,
And I gotta make her mine
And keep her dancin' by my side,
HOLD Up wait,
I love the way she takes it to the floor,
I'm like wow! (wow!)

Turnin heads all up in this party,
She's dancing to the beat,

Still trying to catch my feet
I gotta keep it smooth,
But what I really need to do is:

[CHORUS X1]

She's doing it again,
Makin me lose again, she knows what she's doing to
mee,
She's winking her eye,
I think right now is the time to make her mine..

..(get em J)... yeah you gotta play it smooth, knowing
you and her I can tell you the right two,
I'm lookin at her now and I can tell that she likes you,
and you can make it work if you put on
The right moves, so chance, go on and take those
hands, , she wanna
Move and be closer to you, so go on over there and do
what ever you do...

[CHORUS X2]

Stop. (stop, I know I oughta)
I know I oughta stop, (but I don't wanna, (stop!))
But I don't wanna stop,
Your makin it hard for me... (the things you do to mee)
Stop. (so stop!)
I know I oughta stop, (but I don't wanna)
But I don't wanna stop,
Your makin me loose the beat,
You got me girl..
(I know I oughta, but I don't wanna stop)
(my body's tellin me to stop)
(but my heart is saying don't you stop!)
(ha! hey girl).
