Watch the band through a bunch of dancers
Quickly, follow the unknown
And something more familiar
Quickly, something familiar

Courage, my word
Didn't come, it doesn't matter
Courage, my word
Didn't come, it doesn't matter
Courage couldn't come at a worse time

Sleepwalk, so fast asleep
In a motel that has the lay of home
And piss on all of your background
And piss on all your surroundings

Courage, my word
Didn't come, it doesn't matter
Courage, my word
Didn't come, it doesn't matter
Courage couldn't come at a worse time

There's no simple explanation
For anything important any of us do
And yea the human tragedy
Consists of the necessity
Of living with the consequences
Under pressure
Under pressure

Courage, my word
Didn't come, it doesn't matter
Courage, my word
Didn't come, it doesn't matter
Courage couldn't come at a worse time.
