You thought this couldn't happen  
But anything can  
Floored it in one direction  
Now it's driving you mad

You gave your heart with all its passion  
How could you know it would come crashin' in  
Diane

I won't desert you, Diane  
Won't watch him hurt you, Diane  
Don't let him take your pride  
Girl, it's no shame to cry  
I'll keep your secret, Diane

You tasted holy water  
And thought you were saved  
You're not the devil's daughter  
But you feel like his slave

Although his anger's never showing  
The screams that no one heard echoing in Diane

I won't desert you, Diane  
(time won't wait for lies or secrets)  
Won't watch him hurt you  
Diane (time won't wait for wait for wait for...)  
The tears run down your cheeks  
Now your shame runs too deep  
I'll keep your secret, Diane

Love will go on even though innocence dies  
Life will be yours again though innocence dies

One broken heart feels like no other  
Don't turn your back on love, you will recover

Chorus

Time won't wait for lies or secrets  
You'll be stronger for your weakness

Time won't wait for lies I see you walking in the dark  
I see you waiting for the light  
I see you watching for the door  
I see you waiting for the light  
But time won't wait for wait for wait for...
