I've been patient with you baby
While you're pouring out your heart
I've been listening to you lately
Saying I'm your moon and stars

You better hush...ah ahh ah
Show me with your kiss
I've heard enough...ah ahh ah
Hold me just like this

Chorus

Don't cha, don't cha, don't cha say another word
Baby move a little closer
Don't cha, don't cha, tell me 'cause it's all a blur
All the time for talk is over

Oh your sweet lips are moving
But I can't hear a thing you said
All your talking, that you love me
Is only getting in the way

You better stop...ah ahh ah
Time to make a move
It's getting hot...ah ahh ah
What are you gonna do, whatcha gonna do?

Chorus

Don't cha, don't cha, don't cha say another word
Baby move a little closer
Don't cha, don't cha, tell me 'cause it's all a blur
All the time for talk is over

Don't cha, don't cha, don't cha say another word
Baby move a little closer
Don't cha, don't cha, tell me 'cause it's all a blur
All the time for talk is over

Oh yeah, hey

Don't cha, don't cha, don't cha say another word
Baby move a little closer

Don't cha, don't cha, tell me 'cause it's all a blur
All the time for talk is over

Don't cha, don't cha, don't cha say another word
Baby move a little closer
Don't cha, don't cha, tell me 'cause it's all a blur
All the time for talk is over
