"This isn't about love, its about marriage! Have I
thought you girls nothing!"

Stepmother (Bernadette):

Falling in love with love is falling for make believe
Falling in love with love is playing a fool
Caring too much is such a juvenile fancy
Learning to trust is just for children in school

I fell in love with love one night when the moon was full
I wasn't wise with eyes unable to see
I fell in love with love with love everlasting
But love fell out with me

Stepsisters:

Falling in love with love is falling for make believe
Falling in love with love is playing a fool

Caring too much is such a juvenile fancy
