A man is walking alone
A woman cries at home
They could be anyone
Without each other, how

Could they live through all of the lies?
Intentions don't provide
So cling to those who you love
The only answer

Stay close and live as one
Through rain and darkened skies
You have the love you need
For all tomorrow's lies

They tell you try to have hope
And fight for all you can
These words, you've heard them before
So easy to believe

Stay close and live as one
Through rain and darkened skies
You have the love you need
For all tomorrow's lies

Stay close and live as one
Through rain and darkened skies
You have the love you need
For all tomorrow's lies

A man is walking alone
A woman cries at home
They could be anyone
The only answer

Stay close and live as one
Through rain and darkened skies
You have the love you need
For all tomorrow's lies

Stay close and live as one
Through rain and darkened skies

You have the love you need
For all tomorrow's lies

For all tomorrow's lies
For all tomorrow's lies
For all tomorrow's lies
For all tomorrow's lies
For all tomorrow's lies
