### "Hear My Cries"

Hear my cries, and fix my eyes, into Your Word, it must  
be heard, if You flow in me, then You will set me free,  
be in my mind, 'cause i've been i've been so blind

In myself i have wandered away, seek Your lost and  
guide them Your way,

And let my soul live, and i will praise You i will, let my  
soul live, and i will praise You again,

Hear my cries, and make me wise, i'll see it through, to  
tell them of You, if You flow in me, then we will set them  
free, be in their minds, 'cause they've been they've  
been so blind,

Help me not to wander away, but instead i'll forget my  
old ways
