"Moment Of Truth"

Face to face with my demons
Tearing apart everything I've done
And I don't have a parachute

Splintering down a burning tree
My confidence is leaving me
And I don't have a parachute

I've got to let go
It might be the last fall
I'm heading for

The moment of truth calling out now
The moment of truth is stripping me down
Moment of truth calling out now
And the clock ticks on

Looking down the precipice
A lover's touch brought me to this
And I don't have a substitute

Rocks are breaking off below
I feel I'm losing my foothold
And I don't have a substitute

I've got to let go
But it might be one more lie
I'm falling for

The moment of truth calling out now
The moment of truth is stripping me down
Moment of truth calling out now
And the clock ticks on
And the time is now
And the light shines on
And the light shines on

The moment of truth calling out now
Moment of truth
Calling out now
Calling out

Calling out...
