I've been waking in a state of fire
From a dream about you
And nothing's gonna cool me down
Till my dream comes true

Does it shoo the butterflies inside
When you meet me at the door?
When I say hello and I kiss your mouth
Does it taste a lot like more?

I want to turn you on
When you imagine me in lingerie
I want to make you hunger
For the someday I will beg to stay
Just to turn you on

Are you ready? I can taste it all
But it's got to be right
And the candles and the sweet perfume
Are gonna touch you tonight

I want to turn you on
I want to dance to some exotic song
I want to make you wonder
If you still know right from wrong
I want to turn you on

Tell me this is more than just a masturbation fantasy
You're a hot erotic man
And I'm the master, you're the slave I need
Does that turn you on?

I want to turn you on, I've gotta turn you on
