We cross the street
You hold my hand
Afraid to let go
And if I walked away
And left you there
Would you know why

You are the answer now - You don't know
You can be everything - You don't know
You won't believe it now - You don't know anymore
You are the reason and the rhyme

We walk into your room
A mirror's caught your reflection
You look away and call to me
To fill in the frame

You are the only one - You don't know
You are the fire of love - You don't know
You can believe it now - You don't know anymore
You are the reason and the rhyme
I walk this road
You follow me
I don't know why

You are the answer now - You don't know
You can be everything - You don't know
You won't believe it now - You don't know anymore

You are the only one - You don't know
You are the fire of love - You don't know
You can believe it now - You don't know anymore
You are the reason and the rhyme
You are the reason and the rhyme

And if I walked away
And left you there
Would you know why?
