Have I ever thought of this before
Did I ever look behind the door
Have I ever tried to understand
Did I listen to the Other hand

Have I ever tried to see
Parts of you that aren't a part of me
Did I ever really want to know
Or am I just drifting with the flow

(Chorus)
Lead me to the angle of your life
Let me see from there
Lead me to the angle and I'll try
To see the world from there
Why is it that I'm so full of hate
Why am I so dumb but so afraid
Have I ever tried to understand
Did I listen to the other hand

Why am I so dumb?
Why am I so blind sooo,
Narrow minded..
Why am I so dumb?
(repeat the chorus)

(Solo)

(Repeat chorus twice)

Lead Me to the Angle
Lead me to the Angle

(Repeat chorus one more time)
