I am a man of the world
Tempting my fate just to be with you girl
Wishing for gold and sand
I won't stop 'til it's in the palm of my hand

I've become, I've become innocence
I've become innocence
Thought through the words from the band
Should have said more so that I'd understand

Wonder whose hand will be there
Running their fingers through your silky hair?
I've become, I've become innocence
I've become innocence

If waiting brings a time to sing, we're
On the right track
While we're sitting here in the rain
If fishing poles will save our souls,
We sure it made
Waiting for our moment of shame

Time will make a better man
I am still wishing for the way of the land
Tempting myself with goods
Top it off with something that's understood

I've become, I've become innocence
I've become innocence
I've become, I've become innocence
I've become innocence
