It doesn't matter where you're coming from  
I am yours  
She said on a candle lit front porch  
And we were asking ourselves those things  
That you ask yourself  
When you're standing on a road that's bound to fork.

And who we are  
Has brought us here  
And I'm not running from tonight  
And I'm not running from tonight  
And where we are standing  
Is the beginning  
And I'm not running from tonight  
I'm not running from tonight

I could feel the earth begin to shake  
As I woke up  
As if it were the first time I had felt your touch  
And we've been running from ourselves so long  
That we couldn't find our way  
Now the winds have shifted us to where we hope to  
stay.

And who we are  
Has brought us here  
And I'm not running from tonight  
And I'm not running from tonight  
And where we are standing  
Is the beginning  
And I'm not running from tonight  
I'm not running from tonight

Wake me up  
If I'm dreaming  
The world awaits the dawning of a new day.  
(X3)

(Took the time to walk away  
Can't believe we've come so far  
It's always the wrong way.)  
(X2)

And who we are  
Has brought us here  
And I'm not running from tonight  
And I'm not running from tonight  
And where we are standing  
Is the beginning  
And I'm not running from tonight  
I'm not running from tonight
