[Intro: DJ Spin One cuts]

"spect the unexpected" -> Method Man

[Chorus: Q-Unique]

Respect the unexpected

Press play to my cassette when yours gets ejected

This money in this rap got some brothers livin' hectic

Distracted while they acted I snuck in undetected

Quaternarys connected

----

Respect the unexpected

Press play to my cassette when yours gets ejected

This money in this rap got some sisters gettin' naked

Distracted while they acted I snuck in undetected

Quaternarys connected

[Verse One: Jise One]

Expect that I selected molested rhymes aggressive

Impetuous notebook medic couldn't reconstruct the relic

Simplistical explanation for me to rock the mic

Incredible, incompatible, speak in parables like

neophytes

Coincide tight with might of urban joust

Gladiator, illuminator and every day common incinerator

Perpetrators get tapered zoned to fire frequency

Blessed by predecessors so I've grown to mass fluidity

Vast impurities get flushed in lavatories

Minority flashy stories don't cut the chase it lures me

Poor me! Because I used to be a thug

I should've elaborated produced rotation bugs

[Verse Two: Q-Unique]

I close the open mic and lock it with key elements of everlasting phrases

It's the way I flow with grace that amazes

All praises due to Q who do true

You don't, cannot, shouldn't you

The little engine that couldn't

Me the stop that wouldn't

You concerned with material

Me the rebel allie to crush the imperial, burnin' down  
your ministerial  
You the 15-minutes-of-fame rap act  
Me the heavy handed MC to smack track  
You the Mr. trapped-by-wack-contract  
Me the black flag to kill on contact  
You the dead roach, me the head coach  
You player ready for retirement  
Me better for the environment  
You better think, me better ink  
Get her any wetter than a sink, brother let her drink

(Chorus)

[Verse Three: Jise One]

Watch me give it a shrug, I rather fondle impairment  
Awareness leaving the bareness of my culture stand in  
arraignment  
I'm level basement incarcerated tracks to my advanced  
Romance dig in your earlobe enhanced rivoting soul  
stance  
Every day's my last chance, tranquilizing the present  
Utilizing the past the future sharpened reception  
No acceptance applicants, never extradited wackness  
Practice malice inbalance, don't silence my code of  
challenge

[Verse Four: Q-Unique]

The Lord is my shepherd, I shall not want to  
contaminate  
Nah.. none of that, I'm stickin' well within my habitat  
Got the hip for all the hops, bottom out until the top of  
the top tip hits with grit shit  
Then I'ma shift into high gear, my year, every year  
Let me hear someone near cheer  
Q blaze that and I'ma lose it like a needle in a haystack  
and payback like installment plans my fist twist unlisted  
lines  
You can't call it man, my pen ink.. amazes the page  
with engraved phrases  
and raise to "hey" stages and put an end to the  
weak/week like paid wages  
You left behind ass crack  
I bounced from ASCAP and linked with BMI  
'cause a brothers mind's incredible, now you seeing  
why..  
Q get the "Unique" definition, the one in the  
preminition  
said to lead the underground into victory over the evil  
industry  
Fade outs and rollin' credits couldn't finish me

Never mind fine wines, I speak prime lines to my kinds  
Dead in' the 100 watt spotlight with 1000 drop mind  
shines

(Chorus)
