HEAR ME!

Remember all the times you bent our truth and crossed  
our lines?

All thing considered, it was just our normal way of life  
But somewhere in the middle, we got caught and  
dragged away  
So my tribunal brings us here so I can fall today

All - you want is soulless  
All - you got to break us  
All - I have to do is  
Stop - your fucking nonsense

I CAN'T BETRAY!  
I CAN'T BETRAY - MYSELF!

I stand before you as a victim, as the system rots  
I couldn't focus, so I staggered when I heard the shots  
There are no labels and no rehabilitation here  
You are surrounded by the very fucking thoughts you  
fear

All - you want is soulless  
All - you got to break us  
All - I have to do is  
Stop - your fucking nonsense

I CAN'T BETRAY!  
I CAN'T BETRAY - MYSELF!

I watch the hope I had disintegrate before my eyes  
I take a minute and reflect on all your fucking lies  
Behind the door, you have two choices, but you don't  
get to choose  
You can survive or you can die - either way you lose

All - you want is soulless  
All - you got to break us  
All - I have to do is

Stop - your fucking nonsense

I CAN'T BETRAY!  
I CAN'T BETRAY - MYSELF!
