You hold me inside your iris like a terminal stain on life
You condescend to my primal brain and twist me
around like a knife

Can't begin to explain
The feelings I have restrained
Don't ask me how I am
Because you're too busy planning your epitaph
Let me tell you

DON'T - try to be the ONE - person
Who has STAYED - just to say
They never left me!
Aggravated, complicated, someone say it
God, I never learn...

You keep me hidden behind a curtain, an audible
human display
You feed me orchids to give me courage and keep me
in line with disdain

Can't begin to explain
The feelings I have restrained
Don't ask me how I am
Because you're too busy planning your epitaph
Let me tell you

DON'T - try to be the ONE - person
Who has STAYED - just to say
They never left me!
Aggravated, complicated, someone say it
God, I never learn...

I have nothing left for you...you left me with nothing

I live at arm's length and die a little, between your
constants by day
I want my soul back before it's over, I can't even wish
you away

Can't begin to explain
The feelings I have restrained

Don't ask me how I am
Because you're too busy planning your epitaph
Let me tell you
DON'T - try to be the ONE - person
Who has STAYED - just to say
They never left me!
Aggravated, complicated, someone say it
God, I never learn...

I NEVER LEARN!!
