I can remember everything you ever said  
Like a broken broken record spinning in my head  
If you want me to I can play it back for you  
What's that gonna do now? Cuz I won't change my  
mind  
So don't even try Well I guess I always knew it was too  
good to be true  
Everything that you said was a lie boy  
That's the reason I'm saying goodbye  
You will never find another who will love you any better  
No  
When everything that you said was a lie boy  
And I'm tired of wasting my time  
It's ringing in my head  
Everything that you said  
Don't try to come around begging me to take you  
back  
Hope you know you lost the greatest thing you'll ever  
have  
Nothing you can do I'm happy where I'm at  
And I hope you are too Cuz I won't change my mind  
So don't even try  
Now I don't believe in you  
And I guess I always knew that

Everything that you said was a lie boy That's the  
reason I'm saying goodbye You will never find  
another who will love you any better No  
When everything that you said was a lie boy And I'm  
tired of wasting my time  
It's ringing in my head Everything that you said  
Don't knock on my door There's nobody home I told  
you to leave it alone I'm already gone You already  
know  
There's nothing real for me to hold on to I can  
remember everything you ever said Like a broken  
record spinning in my head If you want me to I can play  
it back for you  
What's that gonna do now?  
Everything that you said was a lie boy  
That's the reason I'm saying goodbye  
You will never find another who will love you any better

When everything that you said was a lie boy And IÂ'm  
tired of wasting my time  
ItÂ's ringing in my head  
Everything that you said
