Look at you now
Crawling around and the crying is drying you out
Look at you now
At your face
The only thing you see is pain
Look at you now
Running around with no hope cuz you're lost in the crowd
Can I help tear it down?
I'm offering a secret
I'm breaking a spell
Come in promise you won't tell and
Welcome to my ever after
Everything's chocolate to me
There's nothing that will break your laughter
Nothing til after you leave
Welcome to my ever after
Haunting all our dreams together
If you've made it here
We'll get lost in forever
Welcome to my ever after
Look at me now
Why pray for reason when everything all has a place
Look at me now
I'm okay
It's only a part of the game
Look at me now
Following footsteps that lead to the place that I found
Far away farther down
I'm laying on the table like cards that I've dealt

Come in come see for yourself and then
Welcome to my ever after
Everything's chocolate to me
There's nothing that will break your laughter
Nothing til after you leave
Welcome to my ever after
Haunting all our dreams together
If you've made it here
We'll get lost in forever
Welcome to my ever after
Look at you now

Running around and the crying is drying you out
Look at me now
And follow my footsteps that lead to the place that
Iâ€™ve found
Come in come see for yourself and then
Welcome to my ever after
Everythingâ€™s chocolate to me
Thereâ€™s nothing that will break your laughter
Nothing â€™til after you leave
Welcome to my ever after
Haunting all our dreams together
If youâ€™ve made it here
Weâ€™ll get lost in forever
Welcome to my ever after
