Oh, oh
Oh, oh oh
Oh, oh
Oh, oh oh

Oh, oh
Oh, oh oh
Oh, oh
Oh, oh

I just can't explain
The pain I'm feeling over losing you
You left me all alone
And I don't know what I'm gonna do
Thought this love would last
But we're not together
And I'll keep loving you forever

So many lonely days
Turned into longer nights
I'm standing in the darkness
Trying to decide who was right

CHORUS:
Out of control, you walked out on me
My dreams were shattered baby can't you see
Out of control, I know I was wrong
You're the one that I love, I loved you all along

My mind tells me to leave you
But then my heart tells me to stay
My heart tells me to call you
And then my mind says not today
Ask you to return to where you belong
Together we'll make right from wrong

If you won't come back to me
Well then I'm coming after you
Just give me one more chance
To prove my love can be true

Chorus

For years I showed I loved you so
The question lingers, why'd you let me go
And though in time my pain will heal
Nothing will change the way I feel

Lovely flowers won't last
All we have is time
I knew I'd get you back
And you will always be mine

Chorus

If only I could go back in time
And make some changes in our life
I never meant to use all those words that cut like a knife
Have to make this work
Because I believe I need you and you need me

Chorus (x2)
Out of control
