"Summertime, Summertime"

Take me away, llevame contigo
I wanna play, quiero jugar a la playa, en la tierra
La brisa que el mar trae
Quiero estar contigo in the summertime [summertime]

Summertime, summertime...take me away
We can fall in love [summertime]

I'm looking at the rain outside
Please come and take me for a ride
I really want you
To come and take me far away, [I want to say]

[Chorus]
Take me, take me to the water,
Summertime, summertime
Maybe, we can fall in love,
Summertime, summertime

Summertime...[4X's]

I'm dreaming, lying on the sand
You come to me and take my hand
I can't believe it's true
But you called me out today, [I hear you say]

Chorus [2X's]

[Instrumental Breakdown 1]

[Chorus] [2X's]

[Instrumental Breakdown 2]
